

A Comparison of the Current and the New Academic Structures

Benefits of Change

- One public examination → ➤ increasing learning time and space and enhancing learning effectiveness
- All students study through to S6 → ➤ meeting challenge of knowledge-based society of Hong Kong
- Breadth and depth of senior secondary education (diversification) → ➤ developing the full potential of students with different aptitudes and interests
- Smoother pathways for further study and work → ➤ providing opportunities for young people to engage in study and/or work
- 4-year university programme → ➤ providing a more comprehensive and balanced education
